DRAGON 6 BATCH-2 PROJECTS KICK-OFF

10-12 December 2024, online event

GUIDELINES FOR PARTICIPANTS

The Dragon 6 Batch-2 Kick-Off online event will be held from 10 to 12 December 2024 (AM in Europe / PM in China) on the WebEx Webinar platform.

Please find the full preliminary programme for the three-half-day event at:

https://dragon6.esa.int/dragon-6-batch2-agenda.

For a smooth flow of the event, we would like to share with you some guidelines for using the tool and participating in the sessions.

HOW TO JOIN THE SCIENTIFIC SESSIONS

Please join the WebEx platform using the daily link which you have received after the registration.

IMPORTANT: The **registration is MANDATORY to obtain the WebEx links** for participating using your email address in the sessions. Should you have not done it yet, please register HERE. Please use your full first and last name in English during the registration.

If it is the first time you use WebEx you will be prompted to download the desktop version (it is recommended not to use the browser version). Additional WebEx technical instructions are available here. Please ensure you have a reliable network connection.

All the participants who are not presenters will be muted upon entry and remain muted with their webcam switched off to ensure a smooth flow of the session. Please unmute if requested by the Chairs.

Participants are encouraged to interact during the Q&A session following each presentation using the WebEx chat panel. The session chairs can read the selected questions out loud to the speaker/audience or choose to unmute the originator of the question. Questions that are not addressed during the session should be directed to the presenter offline.

Please note that the sessions will be recorded for internal purposes.

Looking forward to a successful event!
